

Scalability & Future Plan

Date	16 June 2024
Team ID	XXXXXX
Project Name	Rising Water
Maximum Marks	1 Mark

Scalability & Future Plan:

This document outlines how the current project solution can be scaled to handle larger user bases, increased data loads, or extended features in the future. It also captures the team's roadmap for enhancing and evolving the project beyond its current state.

Current System Limitations:

S.No	Limitation	Impact	Priority to Address (High / Medium / Low)
1	Uses historical dataset only	Lower accuracy for live conditions	High
2	No real-time weather API	Cannot predict using live weather	High
3	Single web application	Limited scalability	Meduim

Scalability Plan:

S.No	Scalability Aspect	Current State	Proposed Upgrade / Solution
1	User Load	Supports limited users	Deploy on cloud with auto-scaling
2	Data Storage	CSV dataset	Use MySQL/PostgreSQL database
3	Performance	Local prediction model	Optimize model and caching
4	Security	Basic validation	Add user authentication and HTTPS
